

# Parent/Guardian Information: Course Request Process

PARENTS AND GUARDIANS OF  
**NEXT YEAR'S GRADE 10 STUDENTS**

SENT VIA EMAIL AND POSTED  
ONLINE: MARCH 30, 2022

# COVID's Impact on Presentations

- We're sending this information home via email and posting it online at [\*\*cbheca.srce.ca\*\*](http://cbheca.srce.ca)

# What we'll cover

- Graduation Requirements (English and Immersion)
- Course Request Handbook and Course Request Sheets
- Options and Opportunities O2
- Skilled Trades
- Other Frequently Asked Questions

# Graduation Requirements

**2022-2023**

# Semestered/Unsemestered Courses

- High school students take 4 semestered courses starting in September, write final exams in January, then begin 4 new courses in February which finish in June.
- In certain circumstances, some courses may run year long (e.g., every second day all year).
- CBH students will take 8 courses each year, for a potential total of 24 credits in 3 years.
- Students are not permitted to take free periods, unless they go part-time in their grade 12 year.

# Credits

- Students require a total of 18 credits to graduate.
- They must include the 13 compulsory credits.
- No more than 7 grade 10 credits can count toward this 18.
- At least 5 credits of the 18 must be at the grade 12 level.

(All this information is in the Course Request Handbook available at [cbheca.srce.ca](http://cbheca.srce.ca))

# Compulsory Credits

- 3 English (One at each grade level – 10, 11, 12)
- 6 in Math/Science/Technology
  - Of these, 2 must be science credits
  - 3 must be math credits
  - Remaining credit can be a math, science, or technology credit
- 1 Global Studies
- 1 Canadian Studies
- 1 Physical Education
- 1 Fine Arts (Visual Art 10)

# English

- English 10 is one credit for students in French Immersion, O2 Students, or students repeating grade 10 English
- ***All students in Grade 10 will write a Provincial English Exam***

# Math in Grade 10: Students Must Pick 1 of...

- **Academic Math 10**
  - Two credits. You get two or fail two
  - Final mark only in June following a provincial exam
  - Must take for Science in University
- **Math at Work 10**
  - Arts Programs University
- **Math Essentials 10**
  - Most programs at NSCC

# A Note about Math

- Students should consider their goals AND ability when they make decisions about what math course to select.
- **STUDENTS MUST BE PREPARED TO DO MATH EVERY DAY IN CLASS OR THE PROVINCIAL EXAM WILL BE VERY DIFFICULT TO PASS.**

# A Note about ADAPTATIONS

- Courses like Math 9 are considered mandatory and “one size fits all”. In these instances, teachers will put adaptations to help students move on from these courses.
- As courses become differentiated, though (e.g., Math 10 vs. Math at Work 10), adaptations all but disappear as students are required to take courses that are suited to their ability.

# We Recommend...

- If students request Math 10, for instance, but their grade nine teacher(s) believe they are better suited for Math at Work, we will PLACE students in the recommended class.
- So long as they have the pre-requisites, though, parents may opt to have their child take the more challenging course so long as they sign the “Permission to Change Math Course” form.

# Science

- 2 Sciences required for graduation
- All grade 10 students take Science 10 or Sciences 10 (immersion)
- In March of 2022, grade 10 students will start looking at which sciences they will take.
  - Two are required for graduation, but SEVERAL post-secondary programs require more.

# 1 “Other”

- Students may require another: Math/Science/Technology
- Technologies may include:
  - Business Technology 11
  - Construction Technology 12
  - Skilled Trades 10
  - Construction Trades 11
  - Exploring Technology 10
  - Food Services and Hospitality 12

# Global Studies/Canadian Studies

- Canadian History is taken in grade 10 or 11 in the English stream
- French Immersion Students take Histoire du Canada 11 in grade 10 to allow them more options in grade 11 and 12

# Physical Education

- Physical Education 12
- Mode de Vie 11 for students in Immersion
- Students can take multiple PE credits in high school dependent upon how they fit within their schedule – require 1
- Fitness Leadership 11 (NSVS) is also available if students want additional PE experiences

**Students must participate and dress for PE!**

# A Note about WHEN Students take PE

- We offer sections of Phys. Ed. and sometimes Yoga if there is student interest
- It doesn't matter when students take their mandatory PE credit, and sometimes it makes more sense to leave it to grade 11 or 12 when it's a nice change from heavier academic courses.

# Fine Arts

- Students must take the following courses in grade 10 (or later if they didn't take in in grade 10)
  - Music 10
  - Arts Dramatiques 10 for Immersion Students

# Graduation Requirements For Immersion Students

**2022-2023**

# French Immersion

- Students must take 9 courses in French
- Year 1
  - Français 10; Sciences 10; Arts Dramatiques 10; Histoire du Canada 11; Mode de Vie Actif 11
- Years 2 and 3
  - Français 11 and 12; Géographie Planétaire 12
  - One or more of the following:
    - ✦ Histoire du Canada 11
    - ✦ Education Cooperative 12
    - ✦ Océans 11 (NSVS)
    - ✦ Introduction à la Littérature 12 (NSVS)

# Course Request Process

**HOW AND WHY SCHOOLS ASK FOR STUDENT  
INPUT**

# Then what?

- **The information from Course Request Sheets determines number of sections and courses to be offered next year**
- **Timetable is generated and student requests are added to the timetable by the computer**
- **It is KEY to remember that students will not necessarily get the courses they request!**

# Options and Opportunities

**02**

# Options and Opportunities

- **Options and Opportunities (O<sub>2</sub>)** is an exciting high school program which offers students more hands-on learning experiences with a career focus. It's designed to prepare students for successful transitions from high school to work, a career path, or a post-secondary program.
- A critical element in the success of O<sub>2</sub> is the participation of the Nova Scotia employers and communities who open their doors to students. Whether it's helping to shape curriculum, attending a career fair or hosting a student for a co-operative education work placement, O<sub>2</sub> gives employers and communities an opportunity to play an active role in the education of our youth and to help create the workforce of the future.
- **Includes guaranteed admission to NSCC BUT ONLY IF DEADLINES (WHICH ARE EARLIER THAN THEY ARE FOR OTHER STUDENTS) ARE MET!**

# What about O<sub>2</sub>

- This program open to all students going into grade 10, but they **MUST APPLY**. Students who do not apply in the spring are not permitted to enroll in the program once September comes.
  - We can make exceptions for students who move to the area after the application process has closed
- Contact Stacia Evans or James Parsons if you think your son/daughter might be a good fit for this program.
- Students who want to apply for O<sub>2</sub> will still complete a course request form.

# Skilled Trades

# Skilled Trades

- **This is NOT a program; rather it is a suite of courses**
- Any student can take Skilled Trades 10
- Once they have taken that course they can take :
  - **Construction Trades 11**

# Now what? And Other Frequently Asked Questions

**YOUR CHILD WILL GET COURSE REQUEST  
SHEETS TO BRING HOME AND COMPLETE  
WITH YOU**

# Course Request Sheets

- Course Request Sheets are specific to each grade by Immersion and English Stream

CAPE BRETON HIGHLANDS EDUCATION CENTRE/ACADEMY COURSE REQUEST SHEET  
GRADE 9 STUDENTS GOING INTO GRADE 10 (ENGLISH) IN SEPTEMBER OF 2022

FULL NAME: \_\_\_\_\_

*This form helps school staff determine student interest in courses for next year. Final timetables are based on the number of students who request courses, and how they fit in the final schedule. Requesting courses does not guarantee that these courses will be available to students in the upcoming school year.*

The following courses are taken by students in Grade 10:

Subject	Courses	Request
ENGLISH	English 10: Counts as one credit (Required course with provincial exam)	✓
SCIENCE	Science 10	✓

Students must take a FINE ARTS credit to graduate. Pick one:

Subject	Courses	Request
FINE ARTS (Pick One)	Visual Art 10	✓

*Students should select the level of math that suits their ability and future career plans. Students may be PLACED in the math class that their current teacher feels best suits their ability and past performance in mathematics. Students should select the math course they would LIKE to take. You will be contacted if your request does not match that of the course your teacher recommended. With parental permission, students can usually take the course they wish once a REQUEST TO CHANGE MATH CLASSES FORM is completed. Please pick one of the following:*

Subject	Courses	Request
MATH (Pick One)	Math 10 (required for university and some NSCC programs) 2 CREDITS	
	Math at Work 10 (more challenging than Math 10 Essentials)	
	Math Essentials 10 (required for many NSCC programs)	

Students in grade 10 will take 1 elective, dependent upon whether or not they have selected to be part of the O2 program.

Please select 1 elective from this below.

Subject	Courses	Request
ELECTIVES (Pick 1 elective)	Biology 11	
	Oceans 11	

CHECK HERE IF YOU ARE INTERESTED IN APPLYING FOR THE O2 PROGRAM:

CAPE BRETON HIGHLANDS EDUCATION CENTRE/ACADEMY COURSE REQUEST SHEET  
GRADE 9 STUDENTS GOING INTO GRADE 10 (FRENCH IMMERSION) IN SEPTEMBER OF 2022

FULL NAME: \_\_\_\_\_

*This form helps school staff determine student numbers for courses. Final timetables are based on the number of students who request courses, and how they fit in the final schedule.*

*Immersion students have fewer options to choose, as they take most of their French courses in grade 10. Math is offered in English, however, and students select math courses as other grade 10 students do.*

The following courses are mandatory for all Grade 10 immersion students:

Subject	Courses	Request
ENGLISH	English 10 (Required course with a provincial exam)	✓
FRENCH	Français Immersion 10	✓
SCIENCE	Sciences 10	✓
FINE ARTS	Arts Dramatiques 10	✓
CAN. STUDIES	Histoire du Canada 11	✓

*Students should select the level of math that suits their ability and future career plans. Students may be PLACED in the math class that their current teacher feels best suits their ability and past performance in mathematics. Students should select the math course they would LIKE to take. You will be contacted if your request does not match that of the course your teacher recommended. With parental permission, students can usually take the course they wish once a REQUEST TO CHANGE MATH CLASSES FORM is completed. Please pick one of the following:*

Subject	Courses	Request
MATH (Pick One)	Math 10 (required for university and some NSCC programs) 2 CREDITS	
	Math at Work 10 (more challenging than Math 10 Essentials)	
	Math Essentials 10 (required for many NSCC programs)	

Students take a total of 8 credits in Grade 10. Count the number of check marks you have above. Select enough elective courses below to get to 8.

Subject	Courses	Request
ELECTIVES (Pick One)	Biology 11	
	Oceans 11	

CHECK HERE IF YOU ARE INTERESTED IN APPLYING FOR THE O2 PROGRAM

# Course Description

- Descriptions of all courses are available on our *Course Request Handbook* on our school website: [cbheca.srce.ca](http://cbheca.srce.ca)

## **Course Description Handbook CBHECA 2022-2023**

*The information below is intended to give students and parents a better idea of course content as they make course selection decisions for the 2022-2023 school year.*

**Cape Breton Highlands  
Education Centre /  
Academy**

# MOST Frequently Asked Question

- What if we request the wrong classes? Is there a chance my son/daughter won't graduate and/or won't get into the program they want after high school?
  - NO! Each student meets with a representative from administration or guidance,
  - Two things are monitored: (a) Is the student on track to graduate? (b) Is the student taking what they need for courses they have expressed an interest in?
  - We always recommend students take the most challenging courses they are able to manage so they can keep as many doors opened as possible.

# Questions

- After your son/daughter brings home the Course Request Sheet, you can look through it along with the *Course Request Handbook* online
- You can contact guidance or administration at any time
  - Angela MacKinnon, Principal
  - Andrew MacLean, Vice Principal
  - John MacKinnon, Guidance
